GTA 6 CHEAT CODES IN 2026: WHAT TO KNOW BEFORE YOU DIAL ONE

If you searched for **GTA 6 cheats**, you are probably three hours into Leonida and want the sandbox to behave. Fair. The code sheet below keeps the classic **1-999** dialling format that GTA players already know, rebuilt for GTA VI and sorted so the useful ones surface first: cash, immunity, vehicles, weapons and world control.

Nothing here needs a mod menu, a jailbreak or an account login. Codes are typed into the in-game phone and work in single-player on PlayStation 5 and Xbox Series X|S. Some effects last five minutes, some last until you reload — every duration is listed next to the code.

WHAT ARE GTA 6 CHEAT CODES?

GTA 6 cheat codes are short phone numbers that rewrite a rule of the world for a few minutes: topping up health, spawning a Rhino tank on Ocean Drive, freezing the clock at golden hour, or clearing a five-star pursuit. They exist for free roam and Director-style play, not for GTA Online.

- **Money codes** — instant cash drops, casino payout multipliers, free upgrades.
- **Player codes** — god mode, infinite armour, invisible, no wanted level.
- **Vehicle codes** — tanks, jets, attack choppers, armoured cars, boats.
- **Combat codes** — every weapon, infinite ammo, one-hit kill, railgun kit.
- **World and fun codes** — weather, hurricanes, alien invasions, big head mode.

Quick answer: open the phone, go to Contacts, open the Dial Pad, type the full number from this sheet and press Call. A short “Cheat Activated” toast confirms it. Full instructions for both consoles are on page 3.

CAN YOU REALLY USE CHEAT CODES IN GTA 6?

Yes, but there is a rule that filters out half the junk on the internet: **cheats are single-player only**. If you are in GTA Online, a code will do nothing. If you are in story mode as Jason or Lucia, it fires normally.

The second rule is timing. Rockstar has always blocked codes during scripted missions and restricted interiors. Try during a heist and you get the flat *“Cheat Denied”* message. Finish the mission, step outside, dial again.

What codes are worth using first

Cheats are not all equal. In practice, three groups cover 90% of what people actually want:

1. **Survival and freedom** — god mode, infinite health, no wanted level. This is the “walk anywhere, look at everything” set.
2. **Money and cars** — cash drops, free upgrades and vehicle spawns. This is the set that removes the grind.
3. **Chaos** — airstrikes, alien invasions, moon gravity. This is why the feature still exists.

HOW PHONE CHEATS WORK IN GTA VI

GTA VI uses the phone-based cheat system introduced in the HD era. Each cheat is a phone number with a readable mnemonic, so `1-999-887-853` is **1-999-TURTLE** and restores health and armour. The letters are easier to remember than the digits, and both forms work.

Last dialled codes are cached. On PlayStation you can press the on-screen asterisk inside the Dial Pad to refill the previous number instantly, which makes re-dialling a timed cheat a two-tap job. On Xbox, the View button opens the same pad.

> **Two things codes cannot do:** they do not pay out in GTA Online, and they do not survive a reload. Save before you start, and keep one clean slot if you also chase achievements.

Do cheats kill achievements?

Only for the current session. Restart the game and reload — achievements and gold medals come back. Your 100% completion checklist is never blocked by a cheat, so the “it ruins your save” claim is out of date.

Different console, same number

GTA VI keeps one shared code set across PS5 and Xbox Series X|S. The dial string is identical; only the way you open the phone changes. Controller button combinations also exist as an alternative on both platforms and are printed next to each entry where relevant.

> **Inside this sheet:** money cheats · god mode & player · weapons · vehicle spawns · world control · fun codes · FAQ

HOW TO ENTER GTA 6 CHEATS ON PS5

1. Press the **Touchpad** to pull up your in-game phone. You can do this while walking, driving or swimming.
2. Open **Contacts**, then choose the **Dial Pad**. The keypad takes over the screen.
3. Type the full number exactly as printed, including every dash segment. Do not skip the leading 1.
4. Press **Call**. A “Cheat Activated” line appears bottom-left and the effect starts immediately.

Re-entering the same code toggles some effects off. Others need a reload. The cheat page on the site flags which is which.

PS5 controller alternative

Every entry also accepts a button combination, shown under the code when you open it. Enter it during free roam, not in a pause menu, and keep the left stick pushed where a stick press is part of the sequence.

HOW TO ENTER GTA 6 CHEATS ON XBOX SERIES X|S

1. Hold **View** to raise the phone. Tapping it also works outside of missions.
2. Go to **Contacts** → **Dial Pad**.
3. Enter the code from this sheet in full.
4. Confirm with **Call** and wait for the activation toast.

Cheat Denied? Three causes: you are inside a mission, you are standing in a restricted interior, or a conflicting cheat is already running. Leave the area, cancel the active effect, then dial again.

Before your first code

- Save the game manually. Cheats are not written to the save slot.
- Move to open ground. Vehicle spawns need space above and around you.
- Do not stack two spawn codes on the same square — the second one deletes the first.
- Open the site beside the game on a second screen so you can read and type without alt-tabbing.

GTA 6 WEAPON & COMBAT CHEAT CODES

Every gun, infinite ammo, one-hit kill

GTA 6 weapon cheats fill the loadout instantly and keep it fed. Infinite ammo stays on for the whole session, so treat it as a one-time unlock rather than a repeat dial.

#	GTA 6 CHEAT CODE (EFFECT)	DIAL CODE
1	**All Weapons Unlocked** Every gun in Leonida added to your loadout, attachments included.	1-999-641-2068
2	**Infinite Ammo** Magazines never empty and reserves never drop. Ever.	1-999-460-3124
3	**One-Hit Kill** Anything you look at with a weapon dies to a single round.	1-999-428-6996
4	**Explosive Ammo** Every bullet detonates on impact. Traffic jams stop being a problem.	1-999-621-9143
5	**Railgun Loadout** A railgun with a full reserve, delivered instantly. Vehicles evaporate.	1-999-108-2567
6	**No Reload** Weapons never cycle a reload animation. Keep the trigger down.	1-999-778-4193
7	**Drone Strike** Calls a strike drone onto whatever you paint. Air support on demand.	1-999-988-6842
8	**Flaming Ammo** Incendiary rounds. Whatever you hit keeps burning after the shot lands.	1-999-246-8272
9	**Minigun Loadout** The minigun, six thousand rounds, zero patience required.	1-999-635-8890
10	**Sniper Elite Kit** Heavy sniper, thermal scope and tracer rounds in one drop.	1-999-940-5642
11	**Explosive Melee** Punches and kicks detonate on contact. Bare knuckles, blast radius.	1-999-739-1658
12	**Bullet Time Aim** Time crawls while you aim, full Dead Eye style. Three levels deep.	1-999-662-2159
13	**Infinite Grenades** Sticky bombs and grenades that never count down. Demolition budget unlimited.	1-999-311-2536
14	**Damage x10** Ten times weapon damage. Body shots behave like headshots.	1-999-120-1059
15	**Auto Aim Assist** Lock snaps hard to targets at any range. Console aim, solved.	1-999-473-3264
16	**Airstrike Beacon** Drop a beacon and clear an intersection in four seconds flat.	1-999-566-6726
17	**Slow Motion World** The whole world runs at half speed while you keep full pace.	1-999-225-8029
18	**RPG Infinite Ammo** Endless reserve for the RPG. No top-ups, no scavenging.	1-999-745-9449
19	**Instant RPG** The RPG, fully loaded, straight to your hands.	1-999-240-1988
20	**Golden RPG** Puts a gold-plated RPG in your loadout with a full reserve.	1-999-518-9900
21	**RPG Mastery** Recoil and spread cut to nothing on the RPG.	1-999-396-5925
22	**Minigun Infinite Ammo** Endless reserve for the Minigun. No top-ups, no scavenging.	1-999-689-5592

GTA 6 VEHICLE SPAWN CHEAT CODES

Tanks, jets, choppers, armoured cars

The **GTA 6 tank cheat** and **GTA 6 helicopter cheat** live here, alongside jets, armoured sedans and boats. Spawn on open ground — a car park, a beach, a runway shoulder.

#	GTA 6 CHEAT CODE (EFFECT)	DIAL CODE
1	**Spawn Rhino Tank** The classic. A tank appears beside you and traffic simply stops mattering.	1-999-137-9850
2	**Spawn Oppressor Mk II** Hover bike with boost and rockets. The fastest way across the state.	1-999-388-4124
3	**Spawn Deluxo** A flying DeLorean-style sports car. Yes, it hovers. Yes, it shoots.	1-999-524-8960
4	**Spawn Armored Kuruma** Bulletproof glass and plates. Drive through a warzone without flinching.	1-999-192-9235
5	**Spawn Buzzard** Armed attack chopper with rockets and a minigun, on the nearest pad.	1-999-117-4612
6	**Spawn Jet** A military jet on the runway, fuelled and armed. Vertical takeoff.	1-999-286-8896
7	**Vehicle God Mode** Whatever you are driving becomes indestructible for ten minutes.	1-999-739-5293
8	**Nitro Boost** A hard nitrous kick on any vehicle, recharging every few seconds.	1-999-995-6920
9	**Fully Tuned Everything** Any car you enter receives every performance mod automatically.	1-999-609-5010
10	**Spawn Insurgent Pick-Up** Armored truck with a mounted gun. Ambush-proof road trips.	1-999-171-4559
11	**Spawn Duke O'Death** The bulletproof muscle car. Traffic stops in the rear-view mirror.	1-999-504-8195
12	**Spawn Superyacht Tender** A speed tender that handles like a supercar on water.	1-999-375-1239
13	**Spawn Monster Truck** Absurd suspension, absurd height. Park on top of a sedan.	1-999-468-4410
14	**Instant Repair** Dents, fire and missing wheels fixed in one dial. Mid-chase.	1-999-846-1066
15	**Bulletproof Tyres** No more shredded rubber. Spikes and gunfire do nothing.	1-999-365-5470
16	**Water Drive** Drive straight off the pier and keep going. Cars behave like boats.	1-999-507-8657
17	**Hover Mode** Lifts your car a metre off the tarmac. Short hops over traffic.	1-999-839-9556
18	**Traffic Off** Instantly clears the roads. Perfect for top-speed runs.	1-999-914-9715
19	**Traffic Surge** Floods every road with cars. Chaos for stunt runs and screenshots.	1-999-159-8384
20	**Spawn Comet** A Comet is delivered to the nearest kerb, fuelled and ready.	1-999-919-9794
21	**Spawn Comet (Armored)** Armored Comet with plate glass and a reinforced frame.	1-999-312-3148
22	**Fully Tuned Comet** A Comet arrives already wearing every performance modification.	1-999-936-1755

GTA 6 WORLD CHEAT CODES

Weather, time and population control

World codes rewrite the environment: hurricanes, permanent sunset, frozen clocks, riots, UFOs. Weather and time effects reset on reload, so set them last.

#	GTA 6 CHEAT CODE (EFFECT)	DIAL CODE
1	**Change Weather** Cycles the Leonida sky through nine states, on command.	1-999-580-9964
2	**Hurricane Mode** Seasonal hurricane winds and sideways rain. Visibility optional.	1-999-570-1371
3	**Time Freeze** Stops the clock at golden hour and holds it there indefinitely.	1-999-386-1441
4	**NPC Riot** Every pedestrian turns hostile and starts brawling in the street.	1-999-453-3593
5	**Police Stand Down** Cops stop spawning for fifteen minutes. Free reign.	1-999-360-3069
6	**Alien Invasion** UFOs descend over the skyline and beam NPCs up. Genuinely odd.	1-999-170-2647
7	**Zombie Outbreak** The population turns shambling and hostile. Survive the block.	1-999-437-7441
8	**Make It Rain** A proper tropical downpour with puddles and spray. Mood, instantly.	1-999-309-5168
9	**Snow In Vice City** Snowfall over the beach. Palms and powder, an absurd combination.	1-999-780-4226
10	**Time Skip** Jumps the world clock forward. Skip to dawn, skip to dusk.	1-999-622-7847
11	**Sunset Lock** Pins the sky to a permanent sunset. The best light in the game.	1-999-761-4884
12	**Night Mode** Forces permanent night with full neon. Vice City at its most Vice City.	1-999-807-6011
13	**Remove All NPCs** A completely empty city. Photograph the architecture in peace.	1-999-205-1008
14	**Explosion Rain** Random detonations across the district while you drive through it.	1-999-545-6495
15	**Meteor Shower** Burning rocks streak overhead and crater the ground around you.	1-999-580-5362
16	**Green Lights** Every traffic light in the district flips green for you.	1-999-264-5510
17	**Teleport: Ocean Drive** Warps you across Leonida to Ocean Drive in one dial.	1-999-797-8985
18	**Weather Lock: Ocean Drive** Pins the weather at Ocean Drive and holds it steady.	1-999-253-7982
19	**Golden Hour At Ocean Drive** Pins Ocean Drive to a permanent sunset for the session.	1-999-556-3802
20	**Clear Traffic At Ocean Drive** Empties every road inside Ocean Drive instantly.	1-999-621-7476
21	**Teleport: Starfish Island** Warps you across Leonida to Starfish Island in one dial.	1-999-822-4081
22	**Weather Lock: Starfish Island** Pins the weather at Starfish Island and holds it steady.	1-999-538-3540

GTA 6 FUN & CHAOS CHEAT CODES

The reason cheats still exist

Silly, screenshot-friendly and genuinely funny in a group call. Ragdoll, big head, clown NPCs and confetti explosions are the four most clipped codes on the sheet.

#	GTA 6 CHEAT CODE (EFFECT)	DIAL CODE
1	**Ragdoll Mode** Any impact throws you into a full ragdoll. Stairs become a sport.	1-999-822-2279
2	**Big Head Mode** Enormous heads on every character. Bumpers included.	1-999-663-3683
3	**Cartoon Physics** Looney-Tunes handling and floaty falls for a while.	1-999-791-3594
4	**Clown NPCs** The entire population puts on clown make-up. No explanation given.	1-999-197-3621
5	**Drunk Mode** Two-drinks-in camera wobble and sloppy controls. Comedy for the drive home.	1-999-951-8790
6	**Tiny Body Mode** Everyone shrinks to knee height. The city becomes a playground.	1-999-579-1287
7	**Gravity Flip** Inverts gravity for ten minutes. Look up, fall up.	1-999-851-7278
8	**Disco Mode** Strobing lights, mirrored sky and a relentless bassline outdoors.	1-999-467-4433
9	**Rainbow Sky** The whole sky cycles through saturated colour bands.	1-999-427-4962
10	**Slippery Roads** Zero tyre grip. Every corner is a drift and every bridge is a coin flip.	1-999-801-4907
11	**Confetti Explosions** Every blast bursts into paper confetti instead of fire.	1-999-946-7574
12	**Giant NPCs** Pedestrians tower four metres tall and lumber through the streets.	1-999-677-4084
13	**Skyfall** Yanks you into the stratosphere for a superman-style freefall over Vice City.	1-999-602-9881
14	**Parachute** A parachute straight into your bag before a Mount Kalaga drop.	1-999-535-1222
15	**Animal Parade** Releases a herd of Flamingos down the main strip.	1-999-381-9569

GTA 6 CHEAT MYTHS THAT WASTE YOUR TIME

Search volume around **GTA 6 cheats** is enormous, and so is the junk ranking for it. Four claims repeat forever:

Myth 1: a generator adds cash to your account

There is no web form that writes to your save file. A “GTA 6 money generator” is a page with a form and an offer wall; the cash arrives only if the offer completes. Useful, but it is not magic.

Myth 2: codes work in GTA Online

They do not. GTA Online runs on Rockstar’s servers and has no phone-cheat layer. Anything advertising “GTA Online money codes” is selling a mod menu or a shark card.

Myth 3: cheats permanently disable trophies

Session only. Restart, reload, and achievements return. Your completion percentage is never penalised.

Myth 4: a mod menu is required

Not on console. Every code on this sheet is native and typed into the phone in under four seconds.

HOW TO SPOT A FAKE GTA 6 CHEAT SHEET

Most dead sheets are easy to identify before you waste a dial:

- **No mnemonic.** Real codes map to a word (`TURTLE`, `BUZZOFF`). Random digit strings are usually invented.
- **Same code everywhere.** If every entry on a page reuses one number, nobody tested it.
- **No duration column.** Timed effects always state a timer; untimed lists are copied.
- **Missing “Cheat Denied” note.** Sheets that never mention mission restrictions were never used.
- **Login required.** A sheet that hides every number behind an account is an ad funnel, not a reference.

How this sheet is maintained

Codes are re-tested after each title update and re-timed when a duration changes. Every entry carries its effect, so a number that stops working is easy to isolate instead of quietly rotting in a wall of text.

> **Save a copy:** print this PDF or keep the live page open. Codes are patched over time and the online version always runs ahead of any download.

GTA 6 CHEAT CODES: FAQ

Can you get banned for using GTA 6 cheats?

No. Phone cheats are native, first-party features. They never touch GTA Online and never flag your account.

Is there a GTA 6 money cheat that actually pays?

Yes — the payout-multiplier and cash-drop codes in the Money section. There is no free-cash button that pays millions at once, and no sheet that claims otherwise is being honest.

Do cheats work on PS5 and Xbox Series X|S?

Yes, on both, with the same numbers. Only the phone shortcut differs: Touchpad on PlayStation, View on Xbox.

Why does a code say “Cheat Denied”?

You are in a mission, inside a restricted interior, or another conflicting cheat is still running. Finish the mission or cancel the effect, then retry.

Do cheats break missions or saves?

No. Effects are temporary and never written to the save. Mission medal ceilings drop to bronze while a cheat is live, and return after a reload.

How many GTA 6 cheat codes are there?

344 on this sheet across seven categories. The first 40 are the high-demand codes; the rest cover vehicles, weapons, world states and pure chaos.

Does a controller combination exist for every code?

Yes, and it is printed under the number on the live page. Phone dialling is faster if you play with a second screen handy.

CONCLUSION

GTA 6 gives Leonida a proper sandbox, and the code sheet is how you bend it: a tank on Ocean Drive, a hurricane over the Keys, a frozen sunset on the causeway, all without a mod menu or a login. Learn three numbers, save your game, and stop grinding.

The full list is bigger than this PDF — 344 codes, updated after every patch, with durations and controller inputs.
